EDUCATION

MINERVA UNIVERSITY

MAJOR IN COMPUTER SCIENCE AND BUSINESS

SAN FRANCISCO, USA

2025-2029

EXPERIENCE

Campus Lead

OpenAI

San Francisco, USA

August 2026 - Present

- Collaborating with 200+ U.S.-based college students to evaluate and showcase emerging OpenAI tools and translate them into practical workflows for teaching, learning, and research.
- Co-leading Minerva University's Student Collective team through organization of 8 hands-on workshops, 30+ Studio Hours, and 2 semester showcases centered on ChatGPT and Codex workflows and student-built projects.

CTD Freshman Class Representative

Minerva University

San Francisco, USA

September 2025 - May 2026

- Led communications and delivered 10+ career programs for 100+ students, maintaining 95% event capacity and 98% satisfaction.
- Built and ran 10 corporate site visits to YouTube, Meta, Waymo, Gensler, and others, connecting 80+ students with industry teams.

Civic Partner

Bill Sorro Housing Program

San Francisco, USA

October 2025 - May 2026

- Interviewed 20+ users and community representatives to identify key DAHLIA application barriers, then designed an 8-page guide for 1,000+ older adults projected to reduce application completion time by 65%.
-

PROJECTS

PII Identifier

Python, Presidio, spaCy, OpenCV, Tesseract

In Development

[GitHub](#)

- Built a local PII detection and redaction web app for CSV, text, and image files using Presidio, spaCy, custom policy rules, Tesseract OCR, and OpenCV face detection.
- Authored a 20+ category redaction policy and scaled training data with a seeded synthetic-corpus generator (440 documents, 793 entity labels), converting 100+ hand-adjudicated detections into documented keep/redact rules.

Heroes Diaries, Co-Founder

Python, Ren'Py

Moscow, Russia

October 2023 - May 2024

- Led a 12-person team building a narrative game with 30+ decision paths; secured a government partnership and distribution that drove 5,000 downloads.
-

SELECTED HONORS

- Winner, "First Steps in Science" and "World of My Research" international conferences; finalist, "Deeds of the Firsts" (5% acceptance rate).
-

SKILLS AND LANGUAGES

- **Skills:** Python, SQL, HTML/CSS, User Research, Product Analysis, Program Coordination, Event Planning.
- **Languages:** English (fluent), Russian (native), Spanish (beginner)
